CLK-1

### Single bay USB Docking Station for Opticon OPH-300x / CLK-300x

This single bay USB docking station adds flexibility and usability to your Opticon OPH-3001, OPH-3000, CLK-3001 and CLK-3000 terminal. Its rounded design complements that of the terminal creating a perfect match.

This cradle can be used in both charging and communication situations. Simply connect the docking station to your system with the USB cable supplied from your Opticon terminal. Whilst in the cradle all buttons are still accessible for operation. The slight backward angle offers easy visual checking of any displayed message.
